4E Career Development Course on CD

Want an office copy of the CDC's but don't want to enroll? No problem. Your CDC writer at USAFSAM, SSgt Alex Perry, has arranged for and produced a compact disk of the 6-volume 4E CDCs (*text and graphics in separate files, not interactive*). Drop him an e-mail if you're interested. Just click on "e-mail" under from the author on the Career Development page of your USAFSAM-PH web site (wwwsam.brooks.af.mil). He's ready to mail your copy! One per office please.

At USAFSAM, serving you is all we do.

People Wanted for Careers in Public Health

World-wide organization seeks energetic, self-motivated people for careers in Public Health.

Many openings available in the USA and overseas. Salary range 20K - 40K.

No experience needed. We train. Initial 3-month resident school, and continuing professional development schooling guaranteed. Learn tasks ranging from food safety, occupational health, communicable disease control, health worker

safety and health management, computer skills, vector surveillance and disease control, much more.

Continuing educational benefits include 75% of your tuition costs. Medical benefits include zero cost share for you and typically zero or less-than-anywhere-on-earth costs for your family members.

High-cost area housing and living allowance, promotion opportunities, 2.5 months salary paid for out of pocket expenses when we transfer you at our cost. Discount and tax free shopping in our exclusive grocery and department store facilities. Guaranteed annual stipend after you complete 20 years with the company - **even after you leave us, we pay you 10K annually.** Much more! Apply now!

See your Air Force recruiter. Ask for AFSC 4E.

Picture Your Name Here

SRA BTZ? Airman of the Quarter? Tell me so I can share the great news in this newsletter. All 1997 award winners I know of will be included in a coming newsletter! E-mail names, dates, details to me! Thanks.
